FINANCES and MARKETS

[Republican A. P. Leased Wire]

NEW YORK, May 26.—(Wall Street.)—The only unusual feature of today's market, aside from its unimpaired irregularity, was the pronounced dullness, dealings diminishing by over 50 per cent from the active sessions of the early week. Sentiment still favored the short account, the professional element inclining more strongly to that side because of the additional tax which the British government intends to levy on incomes derived from American war securities.

There is divergence of opinion in local banking circles as to the effect of this measure, some firms believing that it will precipitate fresh foreign liquidation while others regard it as the only way by which the British treasury can accomplish its mobilization plans.

Domestic news of the day had little bearing upon the market.

The possibility of some unlooked for complication at the coming conventions excited some discussion.

Reading was once more the leader of the rails, recovering some two points from its close of the previous session, but yielding much of this in the last hour. Coppers and zinc shares followed the downward trend, with shipping shares and some of the more prominent munitions. These losses were offset in part by gains in the rubber group, Continental Can and others of an equally speculative character.

Total sales of stocks amounted to 385,000 shares.

Yet another installment of British gold was returned from Canada, but exchange rates to leading foreign centers were without material change.

Bonds were steady, with a new high quotation for Canadian 5's at 101 1/4. Total sales, par value, \$3,700,000.

United States coupon 2's on call declined 1/4, while Panama coupon 2's 1/4, while Panama registered 3's advanced a half point.

CHICAGO GRAIN

CHICAGO, May 26.—Spreading of damage in the west field of Kansas, where heretofore prospects have been generally regarded as excellent, was the chief basis of an advance which took place today in the price of wheat. The market closed steady, 1 1/4¢ to 1 1/2¢ net higher, with July at \$1.11 1/2, and September at \$1.12 1/2. Corn finished 1/2¢ off to 1 1/2¢, oats at gains of 1/4 to 1/2¢ and provisions 1 1/2¢ to 1 1/4¢ down.

According to trade reports here, wheat crop conditions in six western counties of Kansas had fallen today to an average of 66 per cent as against 86 per cent on May 1.

Bullish crop advices came also from southern Kansas and from Oklahoma. Nebraska crop prospects remained good.

There were favorable reports, too, from the Dakotas and Minnesota, but those reports were qualified by assertion of diminished acreage.

In the corn pit, predictions that receipts would materially increase next week tended to wipe out an advance which had been scored in the first half of the session.

Oats were higher in price mainly because of damage reports from Oklahoma and Kansas.

Provisions declined with hogs. It was said that numerous hedging sales of lard were made here against holdings in Liverpool, as British prices were relatively at a premium. Close.

Wheat—July, \$1.11 1/2; Sept., \$1.12 1/2. Corn—July, 70 1/4; Sept., 65 1/2. Oats—July, 40 1/2; Sept., 33. Pork—July, \$22.50; Sept., \$22.30. Lard—July, \$12.47; Sept., \$12.62.

At Kansas City, Mo., May 26.—Hog receipts, 10,000; market lower. Bulk \$9.50@9.70; heavy \$9.70@9.80; light \$9.40@9.70; pigs \$8.75@8.95.

Cattle receipts, 3,000; market strong. Prime beef steers \$10.50@10.40; western steers \$8.50@8.25; stockers \$7.25@6.90 calves \$7.00@6.75.

Sheep receipts, 2,500; market weak. Lambs \$10.00@12.00; yearlings \$8.50@11.00; wethers \$8.00@9.50; ewes \$7.50@9.00.

At Denver, Colo., May 26.—Cattle receipts, 700; market firm. Beef steers \$8.00@9.45; cows and heifers \$6.00@8.10; calves \$10.00@12.75.

Hogs receipts, 600; market 5 to 10 cents lower. Top \$9.50@ bulk \$9.40. Sheep receipts, 1,100; market firm.

Inspiration Copper

Presents an unusual investment opportunity

NOW

Walker, the Copper Expert, states it is reasonably certain it will earn \$17,000,000 THIS YEAR. This would mean earnings of \$15 a share or more than 32% on present selling price of Inspiration stock.

This is an Arizona Copper and the facts are easily obtained at home. Opportunities like this don't occur every day.

Some weeks ago the advocates of unpreparedness exhibited in the leading cities of the country a restored dinosaur, with a legend that this extinct animal was all armor plate and had no brains.
